## Selecting Dimensions and Dimension Members

1. To change the member selections for a dimension, first open the dimension by clicking on its name.
2. We will open the dimension **Incident Clearance**, whose current members are **All Clearance Types** and **Cleared**.

Incident Clearance	All Clearance Types	Cleared
Offense Type		
Murder	472	345
Negligent Manslaughter	11	9
Justifiable Homicide	17	1
Kidnaping/Abduction	1,233	697
Forcible Rape	2,065	795

3. Member selections are made in the **Members** tab of the **Dimension definition** page.
4. **Incident Clearance** has two selected members, **All Clearance Types** and **Cleared**.

Select/Clear members by level: All, Lowest level, Range...

Default member: All Clearance Types

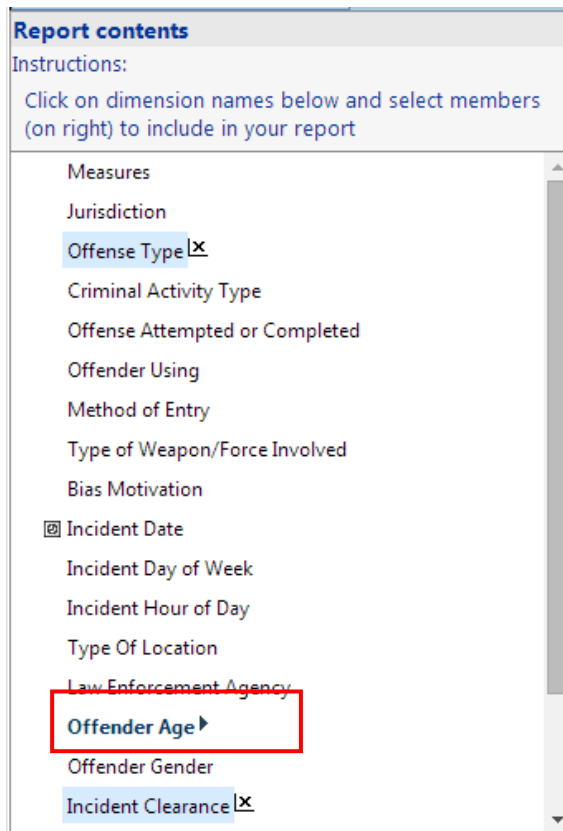

- All Clearance Types (Default member)
- Cleared
- Not Cleared
- Missing

5. To clear all selections, click the **Clear all members x** button.
6. First we will add **Cleared**, **Not Cleared** and **Missing** to the selection by individually selecting their checkboxes, and then we will select all members on the third level by

clicking the third green checkmark button.

7. To see the report with the new selections, click **Show report**.
8. This table only has two dimensions. To add another dimension, click its name in the dimension list. We will add **Offender Age**.

- You can use the Range button to select a block of members without having to select them individually. Click the Range button and then select the first and last members to be included.
