Background

The 2021 session of the General Assembly passed Revised Statute of Missouri 590.1265, Police Use of Force Transparency Act of 2021, which specifies the reporting requirement for all Peace Officers' Use of Force (UoF) Incidents. This statute began the process of collecting data related to fatalities and serious bodily injuries as a result of interaction with law enforcement. The law requires all law enforcement agencies in the State of Missouri to report Use of Force Data beginning March 1, 2022, to the Missouri Department of Public Safety.

The Department of Public Safety has tasked the Missouri Uniform Crime Reporting Program administered by the Missouri State Highway Patrol with the collection of this data. The Missouri State Highway Patrol's Criminal Justice Information Systems (CJIS) Division's Technical Systems Training and Auditing Section are responsible for the day-to-day administration of this data.

As of January 1, 2019, the FBI has established the National Use-Of-Force Data Collection.

The law enforcement community, in partnership with the FBI, is working to improve the way the nation collects, analyzes, and uses crime statistics about law enforcement's use of force.

The Missouri and National Use-of-Force Data Collection will include incident information, subject information, and officer information. These events include:

- When a fatality to a person occurs connected to use of force by a law enforcement officer
- When there is serious bodily injury to a person connected to use of force by a law enforcement officer
- In the absence of either death or serious bodily injury, when a firearm is discharged by law enforcement at or in the direction of a person

As of March 01, 2022, the MSHP MIBRS repository on the Show Me Crime webpage (www.showmecrime.mo.gov) has opened a Use-of-Force Module. Each law enforcement agency may select a contact person responsible for entering Use-Of-Force data. This person may be an MIBRS Representative or other agency personnel.

The following information will assist agencies in the manual web entry and navigation of the Use-Of-Force Module in the [Crime Reporting \(mo.gov\)](http://www.showmecrime.mo.gov) MSHP MIBRS repository.

Reporting Requirements

Responsibility for submitting Use-Of-Force data falls to the agency that employs the officer(s) who used force, rather than the agency that is investigating the case. (For example, if MSHP investigates Agency X Police Departments officer's use-of-force, but Agency X Police Department will still be responsible for the data submission).

Officer Involved Shooting (OIS) Investigated by MSHP	
Local LEA will:	MSHP will:
Submit UOF data to repository	Enter case in MSHP RMS as primary/lead for officer-involved shooting investigation
Enter case involving subject in local RMS (include offenses committed by offender)	

OIS Investigated by Originating Agency
Local LEA will:
Submit UOF data to repository
Enter case involving subject in local RMS (include offenses committed by offender)
Enter separate officer-involved shooting case in RMS as primary/lead

Definitions

Peace Officer:

Based on FBI UCR Law Enforcement Officer Assaulted and Killed data collection definition:

All local, county, state, and federal law enforcement officers (such as municipal, county police officers, constables, state police, highway patrol, sheriffs, their deputies, federal law enforcement officers, marshals, special agents, etc.) who are sworn by their respective government authorities to uphold the law and to safeguard the rights, lives, and property of American citizens.

They must have full arrest powers and be members of a public governmental law enforcement agency, paid from government funds set aside specifically for payment to sworn police law enforcement organized for the purposes of keeping order and for preventing and detecting crimes, and apprehending those responsible.

Serious Bodily Injury:

Based in part on Title 18 US Code Section 2246(4), "Serious Bodily Injury" means bodily injury that involves:

- a substantial risk of death,
- unconsciousness,
- protracted and obvious disfigurement, OR
- protracted loss or impairment of the function of a bodily member, organ, or mental faculty.

Examples of “Serious Bodily Injury” include, but are not limited to, the following:

- broken/fractured bones
- gunshot wounds (including minor or grazing wounds)
- loss of consciousness (regardless of duration)
- severe lacerations
- internal injury
- life threatening injury
- other serious injury requiring medical intervention or hospitalization

Login

Step 1: Log in to the MSHP Crime Insight Repository (showmecrime.mo.gov)

Step 2: Select ‘Web Entry’ and the dropdown ‘Use of Force’

The screenshot shows the MSHP Crime Insight Repository interface. The 'Web Entry' menu item is circled in red. Below it, the 'Use of Force' dropdown menu is open, and the 'Use of Force' option is also circled in red. The interface includes a header with 'CRIME INSIGHT MISSOURI' and 'BEYOND 20/20' logos, and a navigation bar with 'Submit Data', 'Web Entry', 'Reports and Warnings', and 'System Administration'.

The following screen will appear.
